

## LINEL

Linel is headquartered in Mooresville, Indiana and is part of the Mestek Architectural Group. In addition to Linel, Mestek's Architectural activities include American Warming and Ventilating (AWV).

The emphasis for these companies is in providing products and solutions that beautify and improve the performance of buildings through Intelligent Envelopes™.

## IntelligentEnvelopes™

## LINEL'S OFFERING

Linel offers a broad range of architectural products including:

- Custom Metal-framed Skylights, Walkways and Canopies
- Custom Rainscreen Facades
- Custom Curtain Walls
- Architectural and Ornamental Metals including Column Covers, Wall Panels/Cladding, Architectural Grilles/Vision Screens and Sculptures

All of Linel's architectural products are designed with aesthetics foremost in mind. Linel's architectural products can be provided in a wide variety of materials and coatings. Linel is a licensed applicator for Akzo Nobel, PPG and Valspar to meet AAMA painting (2603, 2604 & 2605) specifications.

## LINEL'S RECORD & CAPABILITIES

Linel has more than 30 years of unsurpassed experience in the design and supply of custom glazed and metal architectural products. Linel's portfolio with thousands of successful projects including some of the largest, most complex in both new and renovation applications.

## MATERIAL ONLY OR TURNKEY INSTALLATIONS

Every Linel project is assigned a project manager who coordinates activities with the architect, general contractor and installer, as well as internally with engineering and manufacturing.

Linel can provide products as a material only contract, or installed as a turnkey solution.
